

Vasile Bogdan Godja

Applied AI Engineer | Founder-Operator

London · +44 7471 060258 · godjabogdan@gmail.com · github.com/Bogdan0708 · linkedin.com/in/vasile-godja-6488051a5

Summary

Applied AI engineer and founder-operator building evidence-led portfolio systems for funding, municipal administration and hospitality workflows. Current work combines TypeScript/Node.js, Next.js, PostgreSQL, deterministic workflow design, retrieval, structured outputs and LLM integrations. Brings 10+ years of operations leadership, P&L ownership, teams of up to 50+, and delivery of €500K+ in EU-funded projects. Ship-focused, autonomous and founder-minded; comfortable owning a system from problem definition to working, inspectable software.

Selected Projects

Grant Scout — cited EU funding agent demo (public)

Next.js 16 · TypeScript · AI SDK · Claude · Vitest · GitHub Actions

30-record snapshot dated 29 August 2026, deterministic eligibility, source citations, 11 unit tests and CI. Deployment is pending.

EuFund — AI-assisted EU funding workflow (private source)

Next.js · TypeScript · PostgreSQL / Drizzle · Qdrant · Redis

Discovery → eligibility → drafting → review as a human-controlled workflow with structured outputs and citations. Active development; no public deployment.

Primăria — Romanian municipal tax platform (public)

Next.js 14 · TypeScript · PostgreSQL + RLS · Prisma · Docker

Deterministic tax engine, citizen and admin portals, tenant/role scoping, audit modules. Portfolio/pilot stage; no public deployment.

MitchAI — hospitality operations prototype (public)

Node.js · TypeScript · Express · Next.js · PostgreSQL

Multi-tenant hospitality backend and dashboard with AI-provider adapters. n8n and Ollama are optional integrations; no production service claimed.

Experience

Founder & Applied AI Engineer — EuFund, Primăria, Grant Scout | 2025 – Present

Founder — Mitch from Transylvania / MitchAI | 2024 – Present

Restaurant Manager — 108 Brasserie, Marylebone Hotel, London | Jun 2024 – May 2025

- Led a 35+ FOH team under LQA and Forbes standards; owned the standards migration end-to-end.
- Piloted AI-assisted ops tooling (rota drafting, supplier comms, guest insights) — direct input into MitchAI.

Hospitality Manager — London Business School | Jul 2023 – Jun 2024

- 50-person team serving 1,000–2,000 guests/day; +25% event operational efficiency.

Assistant General Manager — Head of the River, Fuller's, Oxford | Mar 2018 – Jan 2023

- +98% online sales (2020–2022) and –30% labour cost; #1 in Fuller's network for app adoption.

General Manager — Taina Lemnului (Heritage Restoration / EU-Funded Production), Romania | Jul 2011 – Dec 2017

- Secured and managed €500K+ EU funding (eligibility → application → audit) on 20+ UNESCO/heritage sites.

Skills

AI Engineering — LLM apps · agentic retrieval / RAG · vector search · structured outputs · multi-provider routing · streaming · evals · observability

Stack — TypeScript · Node.js · Express · Next.js · PostgreSQL · Prisma / Drizzle · Redis · Qdrant / pgvector · Docker · Python tooling · n8n (optional) · REST APIs

Operator — product thinking · P&L ownership · compliance workflows · EU-funded delivery · cross-functional leadership

Education — MSc Politics & Religion, Babes-Bolyai University (2011) · BSc International Relations & European Studies, Babes-Bolyai (2008)

Languages — Romanian (native) · English (fluent) · Spanish / Italian (intermediate) · French (beginner)
